DECLARATION OF NON-INCOME PRODUCING AIRCRAFT

Aircraft which are not held or used in the production of income are exempt from property taxes. An aircraft is considered to be producing income if one or more of the following conditions exists:

1. The aircraft is available for lease, rental or charter.
2. The aircraft and/or accompanying expenses are being considered for income tax purposes.
3. The aircraft is covered as an income producing vehicle on an insurance policy.
4. The aircraft expenses are being reimbursed.
5. The aircraft is registered in the name of a business or flying club (supporting documentation required).

Please fill out the following information:

Registered Owner's Name: _____ Telephone #: _____
 Registered Owner's Address: _____
 Mailing Address: _____
 Email Address: _____
 Aircraft N#: _____ Aircraft Make & Year Model: _____
 Aircraft Serial Number: _____ Engine Type: Single Multiple
 Location of Aircraft (Address): _____

The notarized statement below should be filed with the appraisal district if your aircraft is not used in the production of income. Documentation may be requested to support your claim (i.e., IRS tax returns, accounting records, insurance policies, etc.). **A failure to file this statement will result in a presumption that your aircraft is used in the production of income and is subject to property taxes.**

I, _____, affirm that Account # _____ which is
 (Printed Name)
 associated with Aircraft N # _____ is not used in the production of income
 as defined above and is exempt from property taxation for the year of _____.
